G G/F# Em

I don't wanna talk right now

C D Em

I just wanna watch TV

G G/F# Em

I'll stay in the pool and drown

C D Em

So I don't have to watch you leave

G G/F# Em

I put on Survivor just to watch somebody suffer

C D Em

Maybe I should get some sleep

G G/F# Em

Sinking in the sofa while they all betray each other

C D Em

What's the point of anything?

C D G D Em

All of my friends are missing again

C D Em

That's what happens when you fall in love

C D G D Em

You don't have the time, you leave them all behind

C D Em

You tell yourself it's fine, you're just in love

G G/F# Em

Don't know where you are right now

C D Em

Did you see me on TV?

G G/F# Em

I'll try not to starve myself

C D Em

Just because you're mad at me

G G/F# Em

And I'll be in denial for at least a little while

C D Em

What about the plans we made?

G **G/F#** **Em**
The internet's gone wild watching movie stars on trial
C **D** **Em**
While they're overturning Roe v. Wade

C **D** **G D** **Em**
Now all of my friends are missing again
C **D** **Em**
'Cause that's what happens when you fall in love
C **D** **G** **D Em**
You don't have the time, you leave them all behind
C **D** **Em**
And you tell yourself it's fine, you're just in love
C **D** **G D Em**
And I don't get along with a-nyone
C **D** **Em**
Maybe I'm the problem
C **D** **Em**
Maybe I'm the problem

C **D** **Em**
Maybe I, maybe I, maybe I'm the problem
C **D** **Em**
Maybe I, maybe I, maybe I'm the problem
C **D** **Em**
Maybe I, maybe I, maybe I'm the problem
C **D** **Em**
Maybe I, maybe I, maybe I'm the problem
C **D** **Em**
Maybe I, maybe I, maybe I'm the problem
C **D** **Em**
Baby I, baby I, baby I'm the problem
C **D** **Em**
Baby I, baby I, baby I'm the problem
C **D** **Em**
Baby I, baby I, baby I'm the problem
C **D** **Em**
Baby I, baby I, baby I'm a problem

Baby I, baby I, baby I'm a problem
